## for MACA @ Macomb Community College

We want to show what a person can learn in the MACA department – a person like YOU!

We want ALL TYPES OF ART:

- Film
- Animation
- Illustrations
- Paintings
- Photography

That includes ***anything*** done on a computer: Adobe Creative Suite, Autodesk Maya 3D, Final Cut Pro/Studio, etc.

We want demo reels, slide shows, short films, commercials, exhibitions, and anything else!

The Rules:

- No longer than 5 minutes
- Submit up to 3 entries
- Must be school appropriate (ask your teacher if you don't know what that means)
- Must be submitted on a DVD/CD in a .mov or Quicktime file
- Must be a student or an alumnus of the MACA department
- Film MUST show SOMETHING that you learned @ MACA

Contact Nick Barry (nbarry63@gmail.com) or Kati Belz (lershee@gmail.com) for more info

Infants
Toddlers

Welcome!

At Little Learners Childcare Center, learning and play go hand in hand. We offer a wide range of fun activities designed to help your child learn and grow from music and water play to story time and art. Each of our staff members has the enthusiasm, compassion and quality care to create a safe, loving and engaging environment for your child. Every teacher is trained and certified in early first aid as CPR and first aid.

We are an established childcare provider and are well known in the local community. We have affordable child care for families of every age. We have a warm and nurturing environment for children from 6 weeks to 12 years old.

Now is our center in Gilmanton or our new location in Franklin is convenient for you and your family!

# OVER 45 YEARS OF FAMILY BUSINESS

Welcome to Brim Tractor Company, formed back in 1967 by Bill and Margaret Brim - and still family owned today by their son Dan Brim and his wife Teresa, who continue to interact directly with customers in order to insure their satisfaction. They opened their first store in Lynden, WA and, since then, have expanded to five additional locations: Chehalis, Pacific, and Mount Vernon in Washington; Salem and Eugene in Oregon! Come see what sets Brim apart from its competitors.

# OUTSTANDING SERVICE

It's you – our customer – that keeps us coming back with better, faster ways to serve you. We have a knowledgeable, full-service sales department that has both new and used equipment to meet your needs. Our parts and service departments are fully stocked with almost anything you can imagine, and – if we don't have it in stock – we can get it fast with next-day delivery for parts orders. Our factory-trained service technicians are available, day or night, to answer any questions you may have. Our overall goal is to get our customers back up and running as soon as possible.

## Get What You Need
## WHEN YOU NEED IT

NEW HOLLAND
AGRICULTURE

## With a history of innovation in agricultural equipment, New Holland has been serving the needs of farmers and ranchers across North America for more than 110 years.

New Holland manufactures a wide range of equipment, including a full line of tractors; hay and forage equipment; and harvesting, crop production and material handling equipment. New Holland also manufactures a compact tractor line using the same comfort and easy to use features and technology designed for larger tractors.

# BRAND NAMES
# QUALITY PRODUCTS

Each Brim Tractor location specializes in different products depending on its location and market — with expert personnel at each location for each market. We have Bad Boy zero-turn lawnmowers for the consumer market and compact utility tractors for the part-time farmer (New Holland and Yanmar). We have many specialty tractors for orchard and vineyard (New Holland), hay and forage products from small square balers to large round and square balers, self-propelled forage harvesters (New Holland/McHale), combines (New Holland), construction equipment (JCB, New Holland), skid steer loaders, excavators, telehandlers, wheel loaders, and more! We also have premium products for municipal and grass seed markets for your everyday needs. Stop by one of our six locations and discover the possibilities that are in store for you!

# THE ENVIROCLOTH

This cloth is your “clean every surface” cloth. Counters, walls, sinks, tubs, faucets, toys, inside your fridge and/or microwave…the list goes on! Anything that you would use an all-purpose cleaner or disinfectant wipes for, you’ll use the EnviroCloth instead for a much more thorough (and easier) clean!

## TO USE

Get the EnviroCloth wet under the faucet and then wring out the excess water (it can absorb 7 times its weight in water, so be sure to give it a good squeeze!) Fold the cloth in half twice so you have 8 sides to work with, and simply refold the cloth as you’re cleaning until you’ve used all 8 sides. If the cloth is visibly dirty, give it a solid rinse while rubbing the cloth against itself under running water, then wring out and continue cleaning. If you’re done cleaning for the day, use a small pinch of our Ultra Power Plus laundry detergent or a drop or two of our Dishwashing Liquid and rinse in the same manner explained above. Hang to dry overnight, and then the micro-silver will go to work within the cloth so it will be ready to use again in the morning!

**1.**

**2.**

**3.**

## GLASS CLEANING

For cleaning mirrors, windows, or any other surface that you would normally use glass cleaner on, please review the instructions for the Window Cloth!

## WARNING: NO GREASY MESSES!

Please note that the EnviroCloth should NOT be used to clean up super greasy messes as it will clog the microfiber and prevent the micro-silver from doing its job. If you do, just soak it in white vinegar and water (1:1 ratio) overnight and it’ll come out good as new!

## *I USE MY ENVIROCLOTH TO...*

- Remove crayon marks from the ceiling of my car
- Clean the handles of shopping carts at the grocery store
- Remove scuff marks from my floors
- Remove minor surface stains in carpet
- Wipe down patio furniture
- Wipe my kids' hands while we're out and about (better than hand sanitizer!)
- Clean my kids' toys every now and then
- Remove or at least reduce stains on clothing until I can get home to launder them
- Remove dry-erase marker residue from our toddler's dry-erase board
- Clean my kitchen and bathroom counters
- Wipe down my shower in order to prevent mildew and/or mineral build-up
- Clean our dining room table, chairs, highchairs, etc.
- Clean the outside, top, handle, and rims of our toilets
- Wipe down the interior of our cars (seats and upholstery included)
- To clean doorknobs, handrails, light switches, remote controls, etc.
- To clean dirty shoes and boots
- To remove tape/sticker residue from windows or other hard surfaces
- To clean my stovetop (sometimes with the assistance of our Cleaning Paste)
- To clean windows, mirrors, stainless steel appliances, granite (along with the Window Cloth)
- To clean with Norwex's enzyme cleaners: Descaler, Carpet Stain-Buster, Mattress Cleaner, etc.

## ...and more!
